

Management Development Program

<< Achieving competitiveness through implementation of Six Sigma >>

**Pillai's Institute of Management
Studies & Research**

PiMSR

The Institute

Established in 1998, Pillai's Institute of Management Studies and research (PiMSR) trains students for Master of Management Studies under the aegis of the prestigious University of Mumbai with approval from the All India Council of Technical Education (AICTE). The Directorate of Technical Education, Government of Maharashtra, has awarded the institute an 'A' grade.

The institute is a part of the Mahatma Education Society founded by Dr. K. M. Vasudevan Pillai, a renowned academician and supported by Dr. Daphne Pillai, the Rector. MES is large society in education field running over 48 institutions in Mumbai & Navi Mumbai in diverse areas including Schools, Global Academies, Engineering Colleges, Sports Academies, Education Colleges besides Management Institutes.

PiMSR started with MMS course having just 30 students in 1998 and grew to 120 seats by 2006. In 2007 the PGDM courses were launched and now the institute has grown phenomenally to 720 students. The institute now has earned name & popularity in Maharashtra.

Every care is taken to ensure that conducive & nurturing environment and learning experience is provided at PiMSR.

Welcome home to PiMSR, ladies and gentlemen, and enjoy a memorable experience in the campus through Management Development Programme.

Infrastructure

The campus

PIMSR is located within the safe, serene & scenic environment of Dr. K.M. Vasudevan Pillai campus which houses as many as 15 different institutions. At any given point of time, the campus is full of students and activities, both academic and recreational.

MDP Centre/Conference Facility

Conference hall called “The Conclave” is a well-equipped with touch-sensitive computer screens, audio compatibility at each seat, international acoustics and a dedicated staff on roll for controls. The Conclave and its staff members have hosted many international seminars and is a green field training ground for students as future corporate executives.

Classrooms

Digital Classrooms with touch screen computer, LCD and Central air-conditioning offers all the academic comforts and practical skills required for the new manager of tomorrow. The acoustic and the techno-friendly ambience enables students to sit with concentration for long hours in the class. There is a 24 hour power backup to assure uninterrupted power supply.

Library

The Library caters to the needs of students from diverse backgrounds and all streams. It has more than 5500 titles and 12,000 volumes apart from 860 journals and 422 CD-ROMs and online Library Data Base.. The library is open from morning to evening with provision for focused studies especially during examinations. The library has provisions for academic transcripts on need basis.

The Trainer

Prof. C.K.Sreedharan is a mechanical engineer from Delhi University and a MBA in International Business. He is pursuing Doctoral Programme in Management. He has more than 25 years of varied industrial experience and more than 5 years of teaching experience.

Prof. C K Sreedharan had worked in Bureau of Indian Standards-the National Standards formulating organization- as Deputy Director and as General Manager (Works) in Expo Gas Containers Ltd, Murbad – a leading organization in the fabrication of coded pressure vessels. He was a panel auditor for Det Norske Veritas (DNV) – an internationally reputed Certifying Organization-and had conducted more than 250 third party audits on various management systems.

Prof. C K Sreedharan is trained in the implementation of Six Sigma projects. He is a Certified Lead Auditor / Consultant for implementing ISO: 9001-2008 Quality Management System, ISO: 14001-2004 Environmental Management System and OHSAS: 18001-2007 Occupational Health and Safety Management System. He is also an Accredited Energy Auditor from Bureau of Energy Efficiency.

Prof. C K Sreedharan has assisted several organizations in the implementation of Six Sigma Projects, Quality / Environmental / Occupational Health and Safety Management Systems and Total Quality Management. He has also conducted several training programmes in the areas mentioned above.

Prof. C K Sreedharan is at present working as Professor at Pillai Institute of Management Studies & Research, New Panvel.
